# What is clutter costing you?

In today's fast-paced world we have more work to do and less time to do it in. We are running just to stay in place! That's why Dana H. Korey founded Away With Clutter.

New to the Del Mar area, this entrepreneur has established a business to help companies and individuals increase their productivity and profits by educating them on the value of being organized.

Korey and her team of Professional Organizers will create order out of chaos. Whether it's a home or business, Away With Clutter will organize your space.

The team at Away With Clutter can turn your office into a productive working environment – saving you stress, saving you valuable time, and saving you money!

According to the American Demographics Society, Americans waste 9 million hours per day searching for misplaced items. The Wall Street Journal reported that the average U.S. executive wastes six weeks a year searching for missing information in messy desks and files (that translates to one hour per day!).

Away With Clutter serves the residential, small business and corporate marketplace. Their intelligent, high-energy staff uses creative problem-solving and design solutions that last. Some of Dana's clients include Ron Popeil, Ronco Inventions, Chicago Cubs Broadcaster Steve Stone, Arizona Radio Talk Show Host Jay Lawrence and San Diego Television Host Fred Lewis.

"Dana Korey and her team helped me turn my mountain of piles into organized files. Everything I need is now at

Thank you Dana!"

"Dana's attention to detail, organizational skills and sense of style is unparalleled! I have referred many of my friends to her."

-Steve Stone, Chicago Cubs Broadcaster
